The McDevitt Childcare Center provides day care and after school services for students between the ages of 3 – 12 attending VCL Schools. The center's goal is to meet the physical, emotional and social needs of the children being served through a program of varied activities. Children are allowed to grow and develop at their own rate and each child is encouraged to have a positive self-identity. The McDevitt Childcare Center is funded completely by parent's tuition. All expenses must be taken out of these funds.
