Criminal Check

Upon becoming a member, a Michigan State Police "soft" criminal check must be run. The check requires us to use your drivers license information to access the Michigan State Police system. We are attempting to identify those who pose a physical threat to children and adults at the school, and the information will remain confidential. This includes all household members that are high school age or older. (Current student or staff ID will waive the "soft" check).

Member Check-In

At the beginning of each visit, members must show their member ID Badge to the attendant on duty

***All forms, including the Waiver / Health Questionnaire and Rules/Expectations, must be completed, signed and dated before ID Badge will be issued.**
