Juniors and seniors may leave the building if they can walk home and return within the lunch period.

At the time of registration, high school students are to pay a \$5.00 deposit fee which will be returned at the end of the school year. Also, students taking the following courses are to pay a \$2.00 breakage fee for non-consumable items: biology, technology, physics, and chemistry. All students in Grades 6, 7, 8, and 9, are required to take physical education unless a written excuse is presented, signed by a physician. Each student enrolled in a physical education class will be required to secure a lock for his/her gym locker through the high school. Families with more than one high school student may enroll at the same time.

Curriculum Alignment

Vandercook Lake teachers spent several weeks this summer working on curriculum. Teachers spent time clarifying the state framework for curriculum and each benchmark for all grade levels in the areas of Language Arts, science; and mathematics. With the help of Marvelle Vannest of the Jackson County ISD, VCL teachers and administrators took great strides in aligning the benchmarks and developing lessons and assessments at each grade level. Student achievement is a priority, and the curriculum work will continue throughout the school year in order to align with the state and enhance existing curriculum.

McDevitt School Reopens

The halls of McDevitt School will once again be filled with the voices and footsteps of Vandercook Lake students. The latchkey program, supervised by Mrs. Bonnie Harvey and assisted by Mrs. Wendy Hynes will now be housed at McDevitt. A four-year old school readiness program taught by Mrs. Karen Kidder-Barrett and the high school alternative program, taught by Mr. Jerry Peters will operate in the McDevitt School. Mrs. Claudia Taylor returns to the office at McDevitt, and Mrs. Nancy Whittaker returns as custodian.

Ms. Sue Haney, former high school counselor, is the building administrator, along with being curriculum director. The telephone number at McDevitt is 782-0342 for any questions.

Other plans for McDevitt this year include a meeting site for teachers to work on curriculum and grade level instruction.

The McDevitt building will again serve an important purpose to the community and our students.

Four-Year Old School Readiness Program

Vandercook Lake Schools will be offering a 4-year old program at McDevitt School. Children are eligible for the Michigan School Readiness Program the year before they enter kindergarten. Children enrolled in the Readiness Program must be at least 4, but not 5, by December 1 of the year in which they enroll. Registration for the 4-year old program will take place at McDevitt August 14-18. Pre-registration forms can be picked up in the central office. To make an appointment for registration, call 782-0342.

Latchkey

Latchkey registration will be August 14 and 15 in the McDevitt office from 8:00 am to 3:00 pm. Mrs. Bonnie Harvey, Mrs. Wendy Hynes, and Mrs. Claudia Taylor will be supervising the registration for the latchkey program. There is limited space, so you must register during the designated registration period. Four-year old children in the Readiness Program are eligible to register for latchkey. During the 2000-01 school year, latchkey will be held in rooms 100, 102, and 103 located on the south end of McDevitt School.

Parents of Kindergartners not enrolled at the round-up last spring and all elementary students new to the district should call Townsend Elementary School and arrange to have their children register sometime during the week of August 14. Immunization cards and birth certificates must be presented when beginners enroll.

Bus Students

Wednesday morning, August 23, buses will leave the school at 7:00 a.m. and cover approximately the same routes as last year. Elementary bus runs will be made at 7:20 a.m. and will cover the same routes as last year.

All Kindergarten through fifth grade classes will be at Townsend Elementary.

All students in Grades K-5 who live close to Townsend School will walk. The parameters will be from McDevitt to Marion, and Draper to Hague. There will be some adjustments made to the bus routes after the school year begins. Parents of kindergarten students in areas to be covered by school bus runs will be contacted before school starts.

Normal dismissal times will be 2:40 p.m. for junior high and high school students and 3:05 for elementary students.

Transportation Supervisor: Fred Maxson

Bus Drivers: Martha Futrell, Beverly Kuntz, Gloria Rose, Ron Foote, Kay Seffernick

Bus Drivers are needed. Anyone interested in driving a bus should contact the central office at 782-9044. All training will be provided at the expense of the Vandercook district.

Bus Safety

The mission of the transportation department is to safely and efficiently transport students to and from school. Student behavior that interferes with this mission cannot be tolerated. Misbehavior may result in students being denied the privilege of being transported.

Bus rules will be given to each student riding the bus. If rules are broken and students do not behave appropriately on the bus, the driver will talk to the student and, if warranted, that student's parent or guardian. The next step will be a written warning by the driver and copies sent home and to the appropriate principal.

A student who normally does not ride a bus must have written permission from the parents and approved by the principal to ride a bus.

Parents please discuss the importance of bus safety with your students.

If any money is left in your students' account at the end of the school year, it will be carried over to the following school year unless parents request a refund.

If you have any questions regarding the system, please feel free to call David Center, Food Services Director at the high school cafeteria at 782-9044 - Extension 218.

Asbestos Management Plan Notice

The school district has conducted an extensive asbestos inspection of all buildings. This survey and a follow-up management plan were completed by state certified inspector-consultants. Insulation on pipes, furnaces, hot water tanks, etc. are encapsulated according to EPA recommendations. The survey and plan indicate no friable materials in school buildings.

To ensure the health and safety of building occupants, surveillance by local certificated personnel is conducted every six months. Reinspections by state qualified inspectors also are required and made every third year.

The plan is available for inspection at the central office in the high school, and if requested, it will be supplied to school patrons within five working days at a cost of \$.30 per page.

Smoke-Free School District

The Board of Education of the Vandercook Lake Public Schools adopted a resolution that there will be no smoking on school grounds at any time. The policy took effect in the 1999-2000 school year. This smoke-free policy affects athletic contests. If someone needs to smoke between games or at half-time, they must leave the school grounds. This resolution is not intended to inconvenience too many people; however, it will benefit the entire community to be smoke free.

Use of tobacco products includes:

1. The carrying of a lighted cigar, pipe or other lighted smoking device.
2. The inhaling or chewing of a tobacco product.
3. The placing of a tobacco product within a person's mouth.

(Tobacco-Free School Law-Enrolled Senate Bill 459, 1993).

Weapon Free School Zone Policy

The Board of Education of the Vandercook Lake Public School District, as both an employer and a public school district, is concerned with and interested in protecting the health, safety, and welfare of students, employees, and visitors. The Board recognizes that school buildings, facilities, vehicles, grounds and other school property are best utilized in the educational process in the absence of threats to physical well-being and safety, by individuals possessing weapons.

Accordingly, the Board of Education of the Vandercook Lake School District shall permanently expel a pupil from attending school in the school district if the pupil possesses a weapon or commits arson or rape in a weapon free school zone.

This law continues to be discussed at the state legislature. Vandercook Schools will maintain a policy in full compliance with this law.

Drug Free Schools Notice

The Vandercook Lake School District attempts to provide a safe and healthy learning environment for all of its students and patrons. To this end and because the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful, the district complies with the Federal Drug Free School Act.

In accordance with this federal law and Board of Education policy, the use, possession, concealment, or distribution of drugs or alcohol by students on school grounds, in school or school-approved vehicles, or at any school-related event is prohibited. Any student who violates this policy will be subject to disciplinary action, in accordance with due process, up to and including expulsion from school and prosecution. Compliance to these standards by students is mandatory.

The district is concerned about any student who is a victim of alcohol or drug abuse and will facilitate the process by which he/she receives help through programs and services available in the community.

Non-students who violate the provisions of the Drug Free School Zone subject themselves to severe penalties under the law.

OSHA Regulations

The Vandercook Lake School District is subject to federal regulation from the Occupational Safety and Health Administration (OSHA) to restrict the spread of hepatitis B virus (HBV) and human immune deficiency virus (HIV) in the workplace. These regulations are designed to protect employees of the district who are, or could be, exposed to blood or other contaminated bodily fluids while performing their job duties.

Because of the very serious consequences of contracting HBV or HIV, the district is committed to taking the necessary precautions to protect both students and staff from its spread in the school environment.

Part of the federally mandated procedures include a requirement that the district request the person who is bleeding to consent to be tested for HBV or HIV. This information would then be provided both to the exposed employee and the treating physician to determine proper medical treatment.

The law does not require parents or guardians to grant permission for the examination of their child's blood, but it does require the district to request the consent. Although we expect that incidents of exposure will be few, we wanted to notify parents of these requirements ahead of time. That way, if the situation does develop, you will understand the reason for our request and will have an opportunity to consider it in advance. These are serious diseases, and we sincerely hope that through proper precautions and cooperation, we can prevent them from spreading.

Bus Vandalism Sanctions Strengthened

H.B. 4155 (bus vandalism) was signed by Governor John Engler in April to take effect August 1, 1995. P.A. 13 (H.B. 4155) establishes a five-year prison term and a fine of up to \$5,000 for creating a health or safety hazard by damaging a bus. Previously such conduct was punishable as a malicious destruction, carrying a prison term of up to four years and a fine of up to \$2,000.

Pesticide Control Act Required Notice of Pesticide Application

At the beginning of each school year, administrators shall notify parents and guardians of children attending that school of the right to be informed prior to any application of a pesticide at that school.

The notice described in the previous paragraph shall contain information, obtained from the person applying the pesticides, which includes a statement that a pesticide will be applied, the approximate location of the application, and the date of application.

Nondiscrimination Policy

It is the policy of the Vandercook Lake School District that no person shall, on the basis of race, color, religion, national origin or ancestry, age, sex, marital status, or handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity and in employment as required by Title VI Civil Rights Act of 1964; Section 504 of the Rehabilitation Act of 1973; Title IX of the Educational Amendment of 1972; or American Disabilities Act of 1990.

Student Harassment Policy

Harassment of a student(s) by other students or any member of the staff is contrary to the Board of Education's commitment to provide a physically and psychologically safe environment in which to learn and may be in violation of federal or state law. Anyone found to have violated this policy and/or the Code of Conduct shall be subject to disciplinary action up to and including suspension or expulsion from the district.

Senior Citizen Passes

Passes are available to all Vandercook Lake School District senior citizens compliments of the Board of Education. This pass will allow our senior citizens the opportunity to attend Vandercook Lake School sponsored events held in any of our district facilities free of charge. Exceptions to the free admission include but are not limited to MHSAA tournaments, non-school -sponsored programs and events, fundraising activities, and school plays/dramas requiring admission due to royalties. Passes are available from the Superintendent's office Monday through Friday between the hours of 8:00 a.m. and 4:00 p.m. Senior citizens are at least 60 years of age and retired.

Board of Education
meetings will be held
the second Monday

school library.
